Description:

Before Lynae, my heart was just sitting lifeless in my chest. I wasn't living. I've hidden away the shame and the regret for so long, that I never thought anyone could break through. She did that, and so much more. I need Lynae more than I need air to breathe. She is everything to me. The

night Lynae walked into my life, I knew that I would never be the same. My heart started to feel again. Now that I've pushed her away, the walls that I had built stand to destroy us. I have to get her back. I can't live without her. She is the one thing in this world that can make my heart beat.

This book takes place after that make ya growl cliffhanger from In A Heartbeat. So many emotions are experienced while reading this, I hope you have tissues ready, because in this book you get inside of Connors head and get to see and feel how much he struggles with his past and the secret that haunts him. We also get back inside Lynaes head and see her become stronger and able to come to terms with lifes best laid plans for her. I can't go into too much detail without giving the book away but , friendships and loyalties are tested leaving you shaking your kindle wondering how things will come out on the other side. I love the dynamic between all the characters and would love to be a fly on the wall in the garage during their shenanigans. I love John, every girl needs a dad like him! Friendship, life and love all wrapped up in a great book, as sad as I am to see Connor and Lynaes story end, I can't wait to see what the future holds for the rest of the boys from Shameful Regret and hope we see more of Connor, Lynae and jellybean!
