Description:

Meghan Schulte is a young Missouri woman who has never dreamed of finding her Mr. Right due to putting her own life on hold to help raise her younger brother who is dying of cancer. In an effort to give her brother his dying wish, Meghan teams with Jared Bronc Buster Cochran, a legendary former rodeo star with a stained past, to make the wish come true. What begins as a mission of mercy leads to a blossoming romance - something neither Jared nor Meghan saw coming. With strong obstacles keeping them apart, can their new-found love continue at all costs?

Truly a great tale that addresses the many challenges life uses to undermine and test love! Love prevails, although not in the way that one would think! Great story!
